About the exhibition

From Bogota to Rabat, Las Vegas to London, welcome to the Augmented Society RSA Thematic Network's 2024 exhibition.

Welcome to the Augmented Society RSA Thematic Network's 2024 *'Creativity Offers Us A New Formula For Life'* exhibition. This unique and exciting exhibition has moved from RSA House in London to The Hive, Worcester, and will again be presented in IRL and extended reality via the VR gallery. You will see the creative mind at work, explore original works, digital works, and be able to take part in the education program created by the exhibition contributors.

Exhibition organised by Zoë Camper FRSA & Julie Samuels FRSA – The ASN Network

You can also meet the contributors and hear them speak about their creative experiences in the virtual reality gallery during the exhibition. There are also pre-recorded interviews available. See **https://www.augmentedsociety.org** for event details (No headset required for the VR gallery).
